SUMMARY

Full-stack developer skilled in building scalable web/mobile applications using modern JavaScript and Python stacks. Proven experience in cloud-native development with AWS and end-to-end project execution from concept to deployment.

EDUCATION

B.Tech in Computer Science

2024–2026 (Expected)

KL University — CGPA: 9.55/10.0

Diploma in Electronics & Communication

2020–2023

Loyola Polytechnic — 94.4%

TECHNICAL SKILLS

- **Languages:** JavaScript, Python, SQL, HTML5/CSS3
- **Frontend:** React.js, React Native, Redux
- **Backend:** Node.js, Express.js, Flask, REST APIs
- **Cloud:** AWS (EC2, S3, Lambda), Firebase
- **Databases:** MongoDB, PostgreSQL
- **DevOps:** Git, Docker, CI/CD Pipelines

PROJECTS

ATLAS Research Agent

LangChain, Flask, React, LangGraph

- Designed and implemented an AI-powered research assistant that autonomously gathers, analyzes, and synthesizes information from diverse web sources
- Engineered a multi-stage research pipeline using LangChain for data collection and LangGraph for orchestrating research workflows
- Developed a Flask backend with RESTful API endpoints to process research requests and manage task queues
- Built an interactive React frontend with real-time progress tracking and visualization of research findings

Innovis - Cloud Collaboration Platform

React, Spring Boot, AWS, MongoDB

- Created a real-time collaborative document editor with simultaneous multi-user editing capabilities
- Implemented operational transforms for conflict resolution in concurrent edits
- Configured AWS infrastructure including EC2 instances, S3 storage, and IAM roles for secure access
- Designed MongoDB schemas for efficient storage and retrieval of document versions and user activities
- Developed REST APIs for document management, user permissions, and revision history

Echo - Modern Blogging Platform

MERN Stack, JWT,

- Built a full-featured blogging platform with rich text editing, media embedding, and social sharing
- Developed a custom Markdown parser with syntax highlighting for code snippets
- Created an admin dashboard with analytics for post engagement and reader demographics

CERTIFICATIONS

- AWS Certified Cloud Practitioner
